## Summary

Dynamic and tech-savvy fresher with expertise in Java, Python, and Cloud . I am eager to contribute to innovative projects. I am committed to continuous learning, adapting quickly to new challenges, and collaborating effectively within a team to deliver high-quality solutions.

## Education

**Bachelor's Degree - Computer Science and Engineering** 2021/11 – 2025/05  
Annamacharya Institute of Technology & Sciences, Tirupati  
CGPA - 8.12

**Intermediate - MPC (Mathematics, Physics, Chemistry)** 2019/06 – 2021/03  
Sri Chaitanya Junior College  
Per - 66%  
Tirupati

**High School** 2009/06 – 2019/04  
Sri Vidhyanikethan E.M High school  
SSC GPA - 8.7  
Tirupati, India

## Skills

**Web Technologies:** HTML | CSS | Bootstrap | JavaScript | React JS | Node JS | Express JS

**Database Technologies:** MySQL | SQLite | MongoDB

**Programming Languages:** Python | Java

**Other:** MS Excel | Word | PowerPoint | Analytical & Problem-Solving skills | Good communication

## Projects

### Medical Care App

**Technologies used:** HTML, CSS, JavaScript, React.JS, REST APIs, Node.JS, Express.JS, MongoDB , Mongoose, React Router, Cors, Responsive Design.

- It is an full-stack web application designed to simplify healthcare access for users. It allows users to search for doctors and manage appointments through a clean, responsive interface. Data is stored and managed securely using MongoDB Atlas, ensuring scalability and reliability.

### Nxt Watch – YouTube Clone Web Application

**Technologies used:** HTML, CSS, JavaScript, React.JS, REST APIs, Routing, JWT Authentication, Responsive Design.

- Developed a fully responsive video streaming web application similar to YouTube using React.js. Integrated Nxt Watch APIs to fetch and display trending, gaming, and saved videos with search functionality. Implemented user authentication using JWT tokens and route protection for secure access. Built reusable components (Header, Sidebar, VideoCard, Theme Toggle) with theme-switching (Light/Dark mode) support.

## Internship

- Full Stack Java
- Cloud Computing Engineering (AWS)

## Certificates

- Build Your Own Dynamic Web Application (NxtWave)
- Python Programming Foundations (NxtWave)
- Introduction to Databases (NxtWave)
- JavaScript Essentials (NxtWave)
- React JS (NxtWave)
- Node JS (NxtWave)
- MERN Full Stack IRC Certificate (NxtWave)
